OBJECTIVE

As a computer science and engineering student, I aspire to work in a dynamic, technology-driven environment where I can contribute to meaningful projects. My goal is to leverage my problem-solving abilities and collaborative nature to grow alongside an innovative team while continuously enhancing my technical proficiency.

EXPERIENCE

• Blackbucks Education Pvt Ltd

MERN Stack Developer Intern

May 2024 – July 2024

- Developed scalable full-stack applications using MongoDB, Express.js, React, and Node.js (MERN stack).
- Built dynamic frontend components and integrated them with backend APIs.
- Participated in daily team stand-ups and code reviews, enhancing agile development skills.

EDUCATION

• Geethanjali Institute of Science and Technology

B.Tech in Computer Science and Engineering

Nellore, India

2025

- Grade: 8.2 CGPA

• Sri Chaitanya Junior College

Intermediate (MPC)

Nellore, India

2021

- Grade: 9.1

• St. Peters High School
